[redacted] • House of Representatives • District [redacted]

This letter is in reference to a request for a election report concerning a campaign from 10/19/91. Because the campaign no records are available, however the debt of $3,527.88 has been paid and there is no outstanding debt. I have not received any forms with the letter requesting a report so, I was told that a letter from would be sufficient.

Thanks
